

Indo-German Bilateral Workshops IGSTC Open Call 2017

The Indo-German Science & Technology Centre (IGSTC) invites proposals for organising Indo-German workshops on areas of mutual interest with an aim towards creating platforms for substantive interactions between scientists / researchers from academia and industry. The workshops have to take place in India or in Germany and to be designed around a specific research topic out of thematic areas relevant to both DST and BMBF (preferably those under thematic areas of upcoming 2+2 joint project Calls as mentioned at www.igstc.org) with a potential for generating follow up activities including joint projects. Training workshops do not fall under the scope of this call.

About IGSTC

The Indo-German Science & Technology Centre was established by the Government of India (DST) and Government of Germany (BMBF) to facilitate bilateral science and technology networking and to play a proactive role in catalysing institute - industry cross-border partnerships through joint R&D efforts. IGSTC envisions to:

- Advance industrial research partnership with mutuality of interest and respect
- Create platform for cross fertilization of ideas
- Develop knowledge networks for industrial sectors to enhance competitiveness
- Establish joint knowledge pools to address global challenges
- Serve as a nerve centre to promote Indo-German technology partnership

Who can Apply?

Persons holding regular positions in public or private non-profit research organisations, institutions of higher education and universities are eligible to submit applications.

Type and Extent of Support

1. Event costs for typically not more than 25-30 participants (organisational & logistics expenses, catering, printing & publicity, miscellaneous expenses).
2. International and domestic airfare for participants including transfer to the airport / venue and return. Only those participants with an active role (oral presentation) will be funded.
3. Accommodation (expenses for accommodation in decent reasonable hotel / guest house on actual costs for normally not more than four days).
4. One official dinner.

Conditions

1. Funding from IGSTC is only supplementary. It is expected that the organisers contribute to the event. In kind contributions – e.g. venue, personnel – are creditable.
2. Event should be held at the organiser's premises and this cost is not covered.
3. IGSTC will NOT pay any daily allowance nor cover any personnel costs.
4. IGSTC will NOT give any travel support to researchers who are not based in India or Germany.
5. Participation of industry is expected.

6. A detailed draft program including a list of the expected participant's has to be submitted along with a brief background document illustrating the importance of the workshop.
7. Involvement of young scientists is highly recommended. Travel support will be provided to scientists who are pursuing at least their Ph.D., but access to the workshop for younger scientists working in the locality of the venue should be possible.
8. It is expected that the workshop participants belong to various institutions.
9. The utilisation of IGSTC format is mandatory for the application.

Guidelines

Proposals should be submitted electronically as a single word document according to the guidelines listed below to both the contacts throughout the year.
